Beveled Shaker

Designed to elevate the classic Shaker aesthetic, the Beveled Shaker cabinet door blends understated elegance with modern craftsmanship. The beveled inside edge adds dimension and visual interest while preserving the clean, timeless appeal of a traditional Shaker profile. Built with premium hardwood materials, this door offers lasting strength, refined beauty, and versatility for a wide range of interior styles.

Honey Maple Beveled Shaker

Shaker

The classic Shaker door blends clean lines with timeless craftsmanship, making it one of the most versatile cabinet styles available. Its recessed center panel, square edges, and balanced rail-and-stile construction create a simple yet refined appearance that complements both traditional and contemporary spaces. Built with durability and lasting style in mind, the Shaker door delivers an understated elegance that never goes out of fashion.

Slim Shaker

The Slim Shaker cabinet door combines minimalist design with timeless craftsmanship. Featuring slimmer frame proportions and a recessed center panel, it creates a sleek, modern aesthetic with understated elegance. Inspired by mid-century modern design, this style offers clean lines and balanced proportions that bring a fresh, sophisticated look to any space.
